FRONT ENTRANCE NORTH SCHOOL

The east entrance to the North Building which was erected in 1936 at the same site of the previous grade and high school structure. The present building contains twelve classrooms, including kindergarten, an art room, a combination music room, gymnasium and auditorium, a health unit, faculty lounge, and office. Two rooms were added in 1953; two more were constructed in 1957. Two gas furnaces provide steam heat . Enrollment during 1959-60 reached 330.

South School

SOUTH ELEMENTARY SCHOOL

The South School Building was erected in 1921. It contains a combination gymnasium-auditorium, office, music room, kindergarten, 10 classrooms and an art room shared with the Speech Correction Department. The school faces north on East Osage Street. The South School has two sessions of kindergarten and a double room for first, second, and third. The fourth, fifth and sixth grades have single rooms. There are approximately 250 students enrolled.

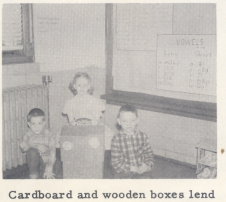
An easy and interesting way to learn the basic seven food groups.

Books supply ideas for the construction of a miniature zoo.



Cardboard and wooden boxes lend themselves to many types of construction work.

The children enjoy a ride on their pony.

North School - Grade 1 - Mrs. Barnard. Current events stimulate learning. The curiosity of these children was aroused by the eruption of the volcano in Hawaii. The eruption of the one they had made commands their attention as this picture was taken.

North School - First Grade- Giving the flag salute in Mrs. Disney's Room.
